

ASTUS 22.5

NOMAD CRUISER

[www.astusboats.com](http://www.astusboats.com)

Fast and comfortable, the Astus 22.5 is the trimaran of less than 7m, nomad and comfortable. With a buoyancy of 1150 liters per float, it is the ideal compromise between safety and pleasure. With its swivel rudder and centerboard, it provides you access to all creeks.

**The Astus 22.5 with is 4 berths, kitchen block and chemical toilet will be perfect for small cruising**

## TRANSPORTABLE

The Astus 22.5 is road legal with a width of 2.52 m when folded on its trailer.

Changing the sailing area is no longer a problem with its folding system of the floats without dismantlement. With the mast rising kit, you are independent to rig your boat.

With a weight of 720kg, it can be pulled by mid-sized vehicles.

## WITH OR WITHOUT FOILS

If you choose the foils version, the mobile appendages in their wells will facilitate speed and glide for even sportier sailing; the foils relieve the floats limiting their drag, the central hull remaining in contact with the water.

## LIVING AREA

With a maximum width of 1m70, the central hull can accommodate 4 adults for the night (2 on the double bed at the front (1m40 wide and 2m long) and 2 on the coffin berths (0.5m wide and 2m long each.) During the day, 4 adults can be seated in the saloon. The galley and electronics are available as needed

The Astus 22.5 is ideal for family sailings and costal trekking but for racings too!

The choice of options will allow you to customize the boat to your liking and according to your sailing program.

Possibility of adapted version for racing with asymmetric spy in option, self-tailing winch and sport sails in Mylar.....

Or a coastal and family version with gallery kitchen in option, shelves, chemical toilet, electric panel and mastresses.

## FEATURES

# CONFIGURATIONS

## STANDARD VERSION

A boat to sail with the family during the day  
but also perfect for a boat trip.

## FOILS VERSION

Easier to take speed,  
Weight of the boat supported

## DIMENSIONS
